

**First Baptist Church of Denver**

**Index of Selected Membership Records**

**1864 - 1996**

**Denver Public Library**

**2019**

### **Introduction**

This Index catalogues selected membership records of the First Baptist Church of Denver. The source of the Index information is located in the Manuscript Collection of the Western History and Genealogy Department of the Denver Public Library titled *First Baptist Church of Denver Records 1864-1996 (WH2326)*. The membership names included in this Index are those with a retired membership, moved away, lived out-of-state, changed membership to another church, died, or were non-participative over an extended period of time.

The Index is the work by volunteers from the Colorado Genealogy Society for the Denver Public Library.

### **Instructions for the User**

The names and information extracted from the membership cards are presented in four columns of the Index.

The first column records the church-designated membership number(s) for the primary name on the card. These data are included in the Index to assist the researcher to identify possible relationships with others in the Index.

The second column alphabetically lists the names by surname, given name, and title.

- Married couples are listed with the husband's name as the primary name.
- If a card has more than one individual listed, each individual is entered separately on the Index. These names are cross-referenced to the card's primary name.
- Women are registered according to their married name, maiden name, additional married name(s), and with their given name, if the information is on the card.
- The researcher is encouraged to check the women members' various surnames in the Index to possibly identify other relatives.
- Maiden names are designated by the title 'Miss' or are encased in parentheses according to information on the cards.
- The Index user is advised to consider the various ways to spell a name when searching the Index. The transcribed information is as found on the card and may not be the spelling the researcher is seeking.

The third column contains the earliest and the latest years on the members' card.

The fourth column is titled, "The Membership Card of this Person Contains Information of the Individual in the Second Column". The purpose for cross-referencing names is to provide information regarding the additional individuals on a membership card. The cross-referenced individuals in the second column do not have a Member Number in the first column and are located on the primary person's card. Information in the fourth column pertains only to cards on which there is more than one name listed on the card.

Although not on a regular basis, individual membership cards may contain various additional information such as residential address, location prior to membership, reason for leaving the congregation, location to which the member moved, church affiliation prior to and after First Baptist Church of Denver membership, birth date, marriage date, baptismal date, administrative positions with the church, and obituaries.

**Denver Public Library**  
**FIRST BAPTIST CHURCH OF DENVER COLLECTION**  
**Selected Membership Records 1864-1996**

The Selected Membership collection is stored in ten boxes at the Denver Public Library. Membership information is recorded on approximately 11,000 6 x 3 inch cards stored in boxes 30 to 39. To assist the researcher to locate a member's card, the following list states the name on the first card in each box:

Box 30 Abart, R.L. Mrs.

Box 31 Bube, Charles Mrs.

Box 32 Diaz, Phillip Mr.

Box 33 Grice, F.F. Mr.

Box 34 Jones, Florence

Box 35 McGaffigan, H.B. Mrs.

Box 36 Pacheco, Jose

Box 37 Rogers, Albert S.

Box 38 Steacy, Emma Mrs.

Box 39 Welch, Alice Mrs.
