Introduction

This is an index for the year 2016. The objective is to include all obituaries as well as the funeral and related notices of **The Denver Post**, Denver, Colorado.

The Denver Post does not accept *free* obituaries. Only *paid* obituaries are accepted from funeral homes or individuals wishing to place a notice directly.

However, *non-paid obituaries* are sometimes written by the newspaper staff about the deaths of individuals from all walks of life.

In this work an effort has been made to include every *non-paid obituary* as well as all *paid obituaries and other paid notices*. The user of this index may find it prudent to review every entry for an individual. Generally, the later entries contain the most information, however this is not always the case.

Names in excess of forty-two characters will be truncated.

Example of an entry

9 Sep 2016 17A Becker, Brett Douglas

Denver Post date of publication followed by page number and name

The key to entries is repeated at the bottom of each index page.

This work is generated using Microsoft Excel 2013 and WordPerfect X5.

No representation or warranty is made regarding the completeness or accuracy of this index. Works of this type frequently contain errors and omissions.
