Index of Membership Records

1883 - 1900

Denver Public Library

2020

Introduction

This Index catalogues membership records of the First United Presbyterian Church of Denver, 1893-1900. The sources of the Index, *Membership Roll and Communicants Register 1893-1900* (Communicants) and *First United Presbyterian Church Membership Roll Revised and Transferred 1904* (Membership Roll), are located in the Manuscript Collection of the Western History and Genealogy Department of the Denver Public Library titled *Green Mountain Presbyterian Church of Lakewood, Colo.*, C MSS WH1023, box 8.

The Communicants list is supplemented with data from the Membership Roll list. The criterion for a member to be included in the Index is that the Reception Date occurred between January 1, 1893 and December 31, 1900. Both sources are handwritten by more than one person and are in the flowery cursive of the 1880s and 1890s. The basic information in the Index is presented in five columns: Surname; First Name, Initial and Title; Member Number; Earliest and Membership Latest Dates; and Latest Date Detail.

Surname column: Members are listed alphabetically according to the members' surname. The Index user is advised to consider the various ways a specific surname may be spelled when searching the Index. If the surname is spelled differently in the two sources, both names are presented with the second name in parentheses. The parentheses will also include a superscript number which is explained in the footnotes on the Index. Occasionally there is a question as to what the surname is due to the legibility of the handwritten names. The Index transcribers' interpretations are presented with a slash between the names and a question mark following the second name.

First Name, Initial, and Title column: The second column includes the first name, initial, and the individual's title. If the first name and initial are presented differently in the two sources, both names are listed with the second name or initial in parentheses and a superscript designating the source. Occasionally there is a question as to what the name is due to the legibility of handwritten names. The Index transcribers' interpretations are presented with a slash between the name or initial and a question mark following the second name. Missing first names are indicated by a straight line, i.e. _____.

Member Number column: The third column records the church-assigned membership number for the member and are located in the Communicants list. There are some church-assigned membership numbers assigned to two individuals. These are designated with a superscript 3.

Earliest and Latest Membership Dates column: The fourth column contains the earliest and the latest membership years for the church member. The earliest date is the member's reception by the church. The latest date is missing in some members' information and is indicated by a straight line, i.e. _____.

Latest Date Detail column: Some members' first date is located in the Communicant list and the latest date is in the Membership Roll. The source of the latest date is designated by a 1 for the Communicant source or a 2 for the Membership Roll source.

Each Index page includes footnotes defining the superscript numbers.

The Index is the work by volunteers from the Colorado Genealogy Society for the Denver Public Library.

Introduction

This Index catalogues membership records of the First United Presbyterian Church of Denver 1893-1900. The sources of the Index *Membership Roll and Communicants Register 1893-1900* (Communicants) and *First United Presbyterian Church Membership Roll Revised and Transferred 1904* (Membership Roll) are located in the Manuscript Collection of the Western History and Genealogy Department of the Denver Public Library titled *Green Mountain Presbyterian Church of Lakewood Colo.* C MSS WH1023 box 8. The Index is the work by volunteers from the Colorado Genealogy Society for the Denver Public Library

The Communicants list is supplemented with data from the Membership Roll list. The criterion for a member to be included in the Index is that the Reception Date occurred between January 1 1893 and December 31 1900. Both sources are handwritten by more than one person and are in the flowery cursive of the 1880s and 1890s. The basic information in the Index is presented in five columns: Surname; First Name Initial and Title; Member Number; Earliest and Membership Latest Dates; and Latest Date Detail.

Surname column: Members are listed alphabetically according to the members' surname. The Index user is advised to consider the various ways a specific surname may be spelled when searching the Index. If the surname is spelled differently in the two sources both names are presented with the second name in parentheses. The parentheses will also include a superscript number which is explained in the footnotes on the Index. Occasionally there is a question as to what the surname is due to the legibility of the handwritten names. The Index transcribers' interpretations are presented with a slash between the names and a question mark following the second name.

First Name Initial and Title column: The second column includes the first name initial and the individual's title. If the first name and initial are presented differently in the two sources both names are listed with the second name or initial in parentheses and a superscript designating the source. Occasionally there is a question as to what the name is due to the legibility of handwritten names. The Index transcribers' interpretations are presented with a slash between the name or initial and a question mark following the second name. Missing first names are indicated by a straight line i.e. _____.

Member Number column: The third column records the church-assigned membership number for the member and is located in the Communicants list. There are some church-assigned membership numbers assigned to two individuals. These are designated with a superscript 3.

Earliest and Latest Membership Dates column: The fourth column contains the earliest and the latest membership years for the church member. The earliest date is the member's reception by the church. The latest date is missing in some members' information and is indicated by a straight line i.e. _____.

Latest Date Detail column: Some members' first date is located in the Communicants list and the latest date is in the Membership Roll. The source of the latest date is designated by a 1 for the Communicants source or a 2 for the Membership Roll source.

Each Index page includes footnotes defining the superscript numbers.
